

## **Two SSG Post-Doctoral Fellows Win Fall 2008 Career Enhancement Award**

**January 29, 2008**

Guolian Kang and Stephen Erickson - post-doctoral fellows in the Section on Statistical Genetics in the department of Biostatistics at UAB have each been awarded one of the 2008 Post-Doctoral Career Enhancement Awards from UAB's Council of Postdoctoral Education.

The Postdoctoral Career Enhancement Award (CEA) was established in 2001 to provide opportunities for postdoctoral scholars to enhance their professional development. Allowable activities include internships up to a one month period, attending workshops, visiting laboratories to perform collaborative studies, travel to national and international professional conferences to present current findings, and, in general, expand their horizons. Additional activities may be approved for funding. The award amount varies from year to year and is awarded twice yearly.

More information about this award is available at -
