

## **Dr. Charity Morgan FASEB MARC Travel Award Recipient**

**May 19, 2009**

Dr. Morgan, an NIH-funded T32 post-doctoral fellow in the Research Methods and Clinical Trials Section in the Department of Biostatistics at UAB, has received a Minority Access to Research Careers (MARC) travel award, sponsored by the Federation of American Societies for Experimental Biology (FASEB).

Charity has been awarded a \$1,000 travel award to attend the “Grantsmanship Training Program” on Friday, June 19th, 2009 being held at the FASEB Campus, Bethesda, Maryland. The travel awards include funding to defray the costs of seminar registration for the "Write Winning Grants" seminar and required seminar workbook and materials, as well as Travel-related expenses for lodging and air/ground transportation.

This program is designed to help investigators achieve their full potential in research by providing them with the grant writing skills that are necessary to maximize their abilities to generate novel, innovative ideas, and to communicate those ideas effectively to grant review panels.
