This workshop is devoted to giving you **hands-on experience** with qualitative and quantitative fit testing procedures. We will go through exercises and protocols to provide you with the tools to be a **competent fit tester**.

**Topics**
- Qualitative Fit Testing
- Quantitative Fit Testing
- Special Problems & Case Studies

**WHO SHOULD ATTEND:**
The course is designed for anyone with fit testing responsibilities - safety professionals, healthcare providers, industrial hygienists, and occupational health nurses would benefit from attending this workshop.

**PROGRAM DIRECTOR:**
Van Thursby, Director of Industrial Hygiene with UAB Occupational Health and Safety.

**PROGRAM TIME:**
Registration begins at 8:45 am with the workshop beginning at 9:00 am and wrapping up at 3:30 pm. Lunch will be provided during the workshop as a "working lunch" and is covered with registration fee.

**PARTICIPANTS COMMENTS:**
All programs I have attended provided by Deep South are informative & useful.

Great hands on opportunity to work with the equipment.

Great class for respiratory fit testing!
About a month after the course, we had a surprise OSHA visit. I had to take an oral exam. She said I was the first person she ever had to make 100% on the exam. I am sure what I learned at the class contributed to my success.

**Better able to educate our personnel on recordkeeping, more accuracy, lower DART rates.**

**I can now go to work and slay the OSHA dragon.**
INFORMATION:
Date: June 13, 2018
Time: 8:45am-3:30pm
Location: , Birmingham, AL Cost: $125 (includes lunch)
