[mmcinish@gmail.com](mailto:mmcinish@gmail.com)

C. Michael (“Mickey”) McInnish has been an attorney since 1981. He currently heads the internal affairs section of the Legal Department for the city of Montgomery and does all administrative personnel hiring. Mr. McInnish earned his Bachelor degree from Auburn University, Masters from Southern Baptist Theological Seminary, and a Doctor of Juris Prudence from Jones Law Institute. His awards includes: the 1999 President’s Award, Resident’s Award for Public Housing, 2003 Executive Director of the Year Award, 2004 Empire Who’s Who, 2004 USA Today Weekend/Montgomery Advertiser Make a Difference Day Award.

Paul Dillard, CDS  
Safety Consultant  
JP Transportation Consulting, LLC  
PO Box 382105  
Birmingham, AL 35238  
205-408-0780  
[pdillard@jptsc.com](mailto:pdillard@jptsc.com)

Paul Dillard is a graduate of Auburn University with a Bachelor of Science degree in Business Administration with a major study in Transportation and Physical Distribution. Mr. Dillard is a Certified Director of Safety from the North American Transportation Management Institute. Paul is a safety consultant for JP Transportation Safety Consulting in Birmingham, AL. He has been serving the commercial motor carrier industry for more than 26 years and has successfully managed the safety, compliance and claims for motor carriers; resulting in satisfactory compliance and significant reductions in accident frequency. In addition to his knowledge with federal and state regulations, Mr. Dillard has extensive experience in the development and implementation of effective safety management controls with the specific purpose of establishing programs and systems designed to improve overall vehicular safety and to reduce the risk of highway accidents through compliance and good safety practices.

Cindy Lesinger  
Pandemic Influenza and Smallpox  
Coordinator  
Center for Emergency Preparedness  
Alabama Department of Public Health  
334-206-2018  
<mailto:Cindy.Lesinger@adph.state.al.us>

Cindy has been with Alabama Department of Public Health for almost 20 years and has worked in the Montgomery County STD Program and State Immunization Division. She is a Disease Intervention Director working exclusively on Pandemic Influenza (PI) planning for the Center for Emergency Preparedness (CEP). She administers and monitors all state PI preparedness and planning activities and coordinates with over 32 state departments to create the state’s comprehensive operational plan. She consults and educates state departments on pandemic influenza, and personal preparedness. Cindy also creates the standard presentations department staff uses when educating partners and citizens on PI. Cindy conducts presentations statewide and satellite broadcast presentations nationwide. Cindy Lesinger graduated from Auburn University in Health Service Administration. She worked in several private healthcare settings including, insurance, a physician office, hospital medical records, and outpatient physical therapy, before joining the ADPH.

Bill Weems, DrPH, CIH  
University of Alabama  
430 Martha Parham West  
Tuscaloosa, AL 35487  
205-348-3025  
[bweems@ccs.ua.edu](mailto:bweems@ccs.ua.edu)

Bill was recently awarded the Lifetime Achievement Award at this year's Alabama Governor's Safety and Health Conference. Bill has served our state for over 40 years as Director of Division of Environmental and Industrial Programs for the University of Alabama. Weems also led a team in the development of the Safety and Health Program Assessment Worksheet, the Consultation Program's measurement tool that captures essential elements of an effective safety and health management system. Bill received his doctorate from UAB Program 1993.

Kathryn Morgan, CPSI  
Playground Design & Compliance  
Manager  
J.A. Dawson & CO.  
220 Applegate Trace  
Maylene, AL  
205-663-7218  
<mailto:kmorgan@jadawsonco.com>

Kathryn Morgan is a Certified Playground Safety Inspector and is the playground designer, and project consultant for JA Dawson & Co. Inc, in Pelham, AL. She has designed playgrounds from simple tot lots to elaborate playscapes incorporating natural elements, lighting and water features. She is a public speaker whose personal mission is to promote the importance of play for all children regardless of age or abilities. She hopes to educate parents and professionals in the design and construction of compliant play environments that allow children to realize the physical, social, emotional and intellectual benefits of play.
