CaRES student intern names are in bold; CaRES faculty preceptor names are in italics.

Most abstracts and posters listed here were presented at the UAB Comprehensive Cancer Center Annual Research Retreat or at UAB Medical Student Research Day, both typically held in October each year. We also list additional abstracts and posters that were brought to our attention by CaRES interns and preceptors. Current and past CaRES interns and preceptors are encouraged to email Dr. John Waterbor at h2obor@uab.edu with information on additional abstracts and posters related to their CaRES research that they have presented. Below, the number of items N for each year is indicated, and awards for the best poster in annual poster competitions are noted. A total of 227 items are listed here.

### 2015 (N=11) (note that in 2015 there was no UAB CCC Annual Research Retreat)
