Oral Health Network Supports Oral Health Research

Principal Investigator  Kelli McCormack Brown, kmbrown@hsc.usf.edu

Project Identifier  Oral Health Network - SIP 01-002

Funding Source  Division of Oral Health

Project Status  Not active

Host Institution  University of Alabama at Birmingham: Center for the Study of Community Health
University of California, Berkeley (previous center): Center for Family and Community Health
University of California, Los Angeles (previous center): UCLA/RAND Prevention Research Center
University of Colorado Denver (previous center): Rocky Mountain Prevention Research Center
University of Kentucky: Rural Cancer Prevention Center
University of Michigan (previous center): Prevention Research Center of Michigan
Morehouse School of Medicine: Prevention Research Center
University of New Mexico Health Sciences Center: Prevention & Population Sciences
University of North Carolina at Chapel Hill: Center for Health Promotion and Disease Prevention
University of South Carolina at Columbia: Prevention Research Center
University of South Florida: Florida Prevention Research Center
University of Texas Health Science Center at Houston (previous center): University of Texas Prevention Research Center
University of Washington: Health Promotion Research Center
Yale University: Yale-Griffin Prevention Research Center
University of Illinois at Chicago: Illinois Prevention Research Center
University of Pittsburgh: Center for Healthy Aging

Health Topics  Oral Health

The University of South Florida’s Prevention Research Center coordinates CDC’s Oral Health Network (OHN), which was established in 2002. The network encourages use of the Prevention Research Centers (PRCs) as a resource for developing and conducting community-based oral health research. The network strengthens research collaboration among PRCs, state health departments, and schools of dentistry. The coordinating center enables the network’s members to find funding opportunities by maintaining a Web site that links to grants, reports, and abstracts. The center also formed the OHN National Advisory Group, which has drafted a grant proposal process and announcement guidelines, and set an agenda for future OHN activities.
