Dr. Nengjun Yi named to Editorial Board of Genetics Research

February 28, 2010

Dr. Nengjun Yi, an Associate Professor in the Section on Statistical Genetics in the Department of Biostatistics at UAB, has been named to the 2010 Editorial Board for Genetics Research, the International Journal for Genetics and Genomics Research.

*Genetics Research* is a key forum for original research on all aspects of genetics. Building on the success and history of its previous incarnation, *Genetical Research*, the journal has a publishing remit that provides comprehensive coverage of subjects vital to the field, including: evolutionary and population genetics, genetics of complex traits, quantitative and statistical genetics, genomics and molecular and developmental genetics. The breadth and quality of papers, reviews and book reviews make the journal invaluable to professional geneticists, molecular biologists, plant and animal breeders and biologists involved in evolutionary and developmental studies.
