Dr. Ana Inés Vázquez selected as one of UAB's OPE 2011 Fall Career Enhancement Awards

July 01, 2011

Dr. Ana Inés Vázquez, postdoctoral fellow in the Section on Statistical Genetics, a division of the Department of Biostatistics at UAB, is one of four recipients of the 2011 Fall Career Enhancement Award from UAB’s Office of Postdoctoral Education.

The Postdoctoral Career Enhancement Award was established in 2001 to provide opportunities for postdoctoral scholars seeking to enhance their professional development. Four awards of up to $1,500 will be given to Postdoctoral Scholars, whose purpose is to fund the fellows’ participation in educational activities outside of UAB. Allowable expenses include: Internships of up to a 1 month period, attending extramural courses (e.g. NIH, Cold Spring Harbor, Woods Hole, etc.), to learn new skills, and visiting laboratories to conduct collaborative studies.
